Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2012-0456; Airspace Docket No. 12-AEA-9]

Amendment of Class D and Class E Airspace; Lakehurst, NJ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, technical amendment.

SUMMARY: This action changes the name of the airport associated with the Class D and Class E airspace at Lakehurst, NJ. The airport's name is being changed to Lakehurst Naval Support Activity/Maxfield Field (Joint Base McGuire-Dix-Lakehurst). The FAAs Aeronautical Products office requested the change to reflect the current airport name.

DATES: Effective date 0901 UTC, September 20, 2012. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 changes the name of the airport associated with the Class D airspace and Class E airspace designated as an extension to a Class D airspace, at Lakehurst, NJ. The airport name is changed from Lakehurst Naval Air Experimental Center Airport/Maxfield Field to Lakehurst Naval Support Activity/Maxfield Field (Joint Base McGuire-Dix-Lakehurst) to be in concert with the FAAs aeronautical database. Accordingly, since this is an administrative change, and does not affect the boundaries, altitudes, or operating requirements of the airspace, notice and public procedures under 5 U.S.C. 553 (b) are unnecessary.

The Class D airspace, and Class E airspace designations are published in Paragraph 5000 and 6004, respectively, of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them, operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only

affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A. Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace for the Lakehurst, NJ, Class D and E airspace area.
